## Highlights

### OCTOBER

The end of September Marcy started 'Hour of Prayer' at the house, Tuesday afternoons. We have a strategic time of praying for different mountain areas and topics. We have some ideas of outreach for January

States. It was a great time of fellowship as well as a help with hearing, speaking, and then ministering in Spanish.

opposed to every 1-2 months. If you do not apply for residency, you have to leave after three months, not to a neighboring country, but two countries over. If you do not apply for residency or leave when your stamped passport expires, you become illegal. We were able to stay and pay every 1-2 months because we were in the process of residency.

### NOVEMBER

A small miracle for the Fenn family! We finally got our residency cards. We were originally applying for missionary residency, but changed to a work residency through Discovery School (where Kjell is currently teaching). It does not mean we are citizens of Honduras, it just means we are allowed to stay in the country, meaning we pay one fee for a year or two years as

November was also the 9th annual Discovery School teacher conference. This year's theme was, "The Joy of Teaching." We stayed in Tegucigalpa for two nights because the girls sang at the opening ceremony with the Discovery School choir and Kjell taught an afternoon session on "Teacher-Generated Games."

which include prayer walking, surveys, evangelism, and discipleship. Continue to pray for the mountain areas we will target (El Tablon, Villa Union, El Espino, La Montera, Los Roncocos, San Francisco, Las Botijas).

Marcy worked with Maribel 2-3 times a week preparing messages in Spanish as Luis was in the United

## Highlights Continued

Someone saw Kjell's session and invited him to keynote, present, and do a 6 hour pre-conference professional development in February, in San Pedro Sula. The director of Discovery School has already given Kjell permission for days off for professional development for San Pedro and around the world!

Kjell has been using his winter break for 3rd semester prep as well as research for the conference on Leadership in the Classroom. What an opportunity!

### DECEMBER

Kjell's parents visited in December and we mixed some ministry with some fun. Anne and Kjell shared at the Rehabilitation Center along with the team from Chicago, we saw some skits that the residents and staff

had put together as well as drank some Honduran coffee. Later that day, we helped our missionary friend Val at Casa de Luz (House of Light) children's ministry. The next day, we had

the girls take them to play with babies for a normal Saturday morning and later experienced ministry at New Generation (Luis Sorto). The Chicago team shared a message and Fred closed the service in prayer. Anne and Fred helped the team to pass out bags of food after the service. We had a very big crowd since it was the week before Christmas.

On Sunday, we had a special Conversational English Class. Kjell's students had the opportunity to answer and ask questions, talk to native English speakers, and learn some idioms.

Our fun times included watching Kjell play soccer, a trip to Las Botijas (our friend's house in the mountains), a trip to the city of Comayagua, and eating out in town (typical Honduran food one night at our neighbor's and Chinese food, made by a Honduran, on another night).
